4 April 1967

MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Acting Deputy Director for
Science and Technology
Deputy Director for Support
General Counsel
Director of National Estimates
Legislative Counsel
Inspector General

SUBJECT : Review of Holders of Special
Clearances

1. It is evident that there is a continuing increase in the number of Agency personnel, consultants and personal service contractors who are being granted access to our sensitive compartmented information. It is highly desirable that access to compartmented information be maintained at the minimum level of operating efficiency.

2. While intermittent reviews may be conducted within your offices, I consider it desirable that we now engage in a consolidated review of all individuals having access to such information to determine whether such access is justified. To put this on a systematic basis, arrangements should be made to repeat this review semi-annually in April and October of each year.

3. The Office of Security will assist your control officers by providing lists of all individuals under your jurisdiction for review purposes. For those individuals for whom you determine access is no longer justified, please notify the Compartmented Information Branch, Office of Security,
